

## Section 1 Chemical Product and Company Identification

**Product Identifier** MRGV Series Hot Stamping Foil

**General Use** Hot stamping metallic foil

**Company:** Infinity Foils, Inc. – A UEI Group Company

**Address:** 9090 Nieman Road  
Overland Park, KS 66214

**Phone:** +1 913 888 7340 or +1 877 932 3645 (US Only)

**Emergency Contact Number** CHEMTEL – Available 24 hours/day, 7 days/week  
Domestic North America: +1 800 255 3924  
International: +1 813 248 0585

## Section 2 Hazards Identification

GHS classification in accordance with the OSHA Hazard Communication Standard (29 CFR 1910.1200).

During normal operation and usage, this solid material article does not present inhalation, ingestion, or chemical hazards.

When this article is machined or otherwise modified by the user, dusts may be created in quantities substantial enough to affect the functionality of machines and equipment and may be potentially hazardous if the exposure limits described in Section 8 are exceeded.

## Section 3 Hazardous Ingredients / Identity Information

Where present, listed constituents exist as a solid.

Chemical Name	CAS No.	%
Polyethylene terephthalate	25038-59-9	77 – 89
Aluminum	7429-90-5	≤1
Melamine resin		≤4
Nitrocellulose	9004-70-0	≤1
Olefin resin	9004-70-0	≤1
Phenol resin		≤7
Rosin resin		≤3
Rubber resin		≤2
Terpene resin		≤3
SiO <sub>2</sub>	7631-86-9	≤1
Ketone resin		≤7
Vinyl resin		≤5
Acryl resin		≤4
Urethane resin		≤2
The others		≤3

## **Section 4 First Aid Measures**

<b>Inhalation</b>	If breathing has stopped, perform artificial respiration and obtain medical aid immediately. If persistent irritation, severe coughing, or breathing is difficult, provide fresh air and seek medical attention as soon as possible.
<b>Ingestion</b>	If the product or dust is swallowed, seek immediate medical attention or advice. Do not induce vomiting.
<b>Eye Contact</b>	Eye injuries from solid particles should receive immediate medical attention. Dust may be flushed from eyes immediately with large amounts of water, lifting the lower and upper lids occasionally. Seek medical attention.
<b>Skin Contact</b>	Cuts or abrasions should be treated promptly with thorough cleansing of the affected area. Wash the skin using soap or mild detergent and water. Get medical attention if irritation or dermatitis develops and persists.

## **Section 5 Firefighting Measures**

<b>Flammable/Combustible Properties</b>	No data available
<b>Fire/Explosion</b>	No data available
<b>Extinguishing Media</b>	Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide
<b>Firefighting Equipment/Instructions</b>	Fight fire with normal precautions from a reasonable distance. Standard procedure for chemical fires. Wear full protective clothing and positive pressure self-contained breathing apparatus.

## **Section 6 Accidental Release Measures**

<b>Personal Precautions</b>	Product in solid form may be picked up by hand or other means to be placed into a container.
<b>Environmental Precautions</b>	Should waste disposal be deemed necessary, follow Federal, State, or Local regulations.
<b>Methods for Cleaning Up</b>	Do not use compressed air for cleaning.

## **Section 7 Handling and Storage**

This product does not require special safety precautions for handling. Operations such as grinding, cutting, sanding and shearing may generate dusts or fumes which may require special handling procedures.

## **Section 8 Component Exposure Limits**

<b>Appropriate Engineering Controls</b>	When machining, use adequate local (preferably) or general exhaust ventilation to ensure that concentrations of dusts or fumes do not exceed exposure limits. Keep workplace clean and dry. Train personnel to minimize exposure to hazards during installation and replacement of product. On a regular basis, verify condition and proper function of equipment in which the product will be installed.
<b>Personal Respiratory Protection</b>	Not required
<b>Personal Hand Protection</b>	Wear appropriate gloves for periods of longer exposure or to protect against physical hazards.
<b>Eye Protection</b>	Always wear safety glasses with side shields
<b>Skin Protection</b>	Not required

## Section 9 Physical and Chemical Properties

<b>Appearance/Odor</b>	Sheet-shaped solid, color may vary	<b>Odor Threshold</b>	No data
<b>pH</b>	No data	<b>Boiling Point</b>	No data
<b>Melting Point</b>	496 – 500° F (258–260° C)	<b>Solubility (H<sub>2</sub>O)</b>	Insoluble in water
<b>Specific Gravity</b>	1.4 g/cm <sup>3</sup> 68° F (20° C)	<b>Density</b>	No data
<b>Octanol/H<sub>2</sub>O Coefficient</b>	No data	<b>Evaporation Rate</b>	Not volatile
<b>Molecular Weight</b>	No data	<b>Decomposition Temperature</b>	No data
<b>Auto Ignition</b>	No data	<b>Lower Flammability Limit</b>	No data
<b>Flash Point</b>	No data	<b>Upper Flammability Limit</b>	No data
<b>Vapor Density</b>	No data	<b>Vapor Pressure</b>	No data
<b>VOC</b>	No data	<b>Flammability Class</b>	Flammable if contacted with fire
<b>Viscosity</b>	No data		

## Section 10 Chemical Stability and Reactivity

<b>Stability</b>	Stable under normal handling conditions
<b>Incompatibility</b>	Oxidizers, strong acids and bases
<b>Hazardous Decomposition/ By-Products</b>	Oxides of carbon and nitrogen, phenol, and formaldehyde if heated in excess of 570°F (300°C)
<b>Hazardous Polymerization</b>	Contact of dust with strong oxidizers may cause fire or explosion.

## Section 11 Toxicological Information

<b>Possible effects by routes of exposure</b>	
<b>Inhalation</b>	None
<b>Eye Contact</b>	None
<b>Skin Contact</b>	None
<b>Ingestion</b>	None
<b>Carcinogenicity</b>	None
<b>Mutagenicity</b>	None
<b>Teratogenicity</b>	None

## Section 12 Ecological Information

<b>Ecotoxicity</b>	Not biodegradable. This product is not expected to present an environmental hazard.
<b>Persistence/Degradability</b>	No Data
<b>Bioaccumulative Potential</b>	No Data
<b>Mobility in Soil</b>	No Data

## Section 13 Disposal Considerations

<b>Disposal Instructions</b>	Dispose in accordance with federal, state, provincial, and local regulations. Regulations may also apply to empty containers. The responsibility for proper waste disposal lies with the owner of the waste.
------------------------------	--

## Section 14 Transportation Information

The material is not regulated under DOT provisions.

## Section 15 Regulatory Information

<b>U.S. TSCA Inventory Status</b>	All ingredients of this product are listed or are excluded from listing on the U.S. Toxic Substances Control Act (TSCA) Chemical Substance Inventory.
<b>Canada DSL Inventory Status</b>	All ingredients of this product are listed or are excluded from listing on the Domestic Substances List (DSL), the Non-Domestic Substances List (NDSL) or exempt.
<b>CERCLA/SARA Section 302</b>	Not listed
<b>SARA (311, 312) Hazard Class</b>	Not listed
<b>CERCLA/SARA Section 313</b>	Not listed
<b>California Prop 65</b>	This product is not subject to the reporting requirements under California's Proposition 65.
<b>WHMIS Hazard Classification</b>	Not listed

## Section 16 Other Information

Infinity Foils, Inc. provides the information contained herein in good faith. It is believed to be correct. However it is not all-inclusive and should be used only as a guide. Individuals receiving this information must exercise their independent judgement in determining its appropriateness for a particular purpose. Infinity Foils, Inc. shall not be held liable for any damage resulting from handling or from contact with this product. All information appearing herein is based upon data obtained from the manufacturer and/or recognized technical sources.

**Abbreviations** PEL Permissible Exposure Limit  
TLV Threshold Limit Value

**End Notes** 1. SARA - Signed into law in 1986, the Superfund Amendments and Reauthorization Act (SARA) is an extension of CERCLA, and is intended to encourage and support local and state emergency planning efforts. SARA provides citizens and local governments with information about potential chemical hazards, and calls for facilities that store hazardous materials to provide officials and citizens with data on the type and amount on hand at specific locations. This field states whether a material is listed or not listed in section 372.65 of SARA. EHS - This states if a material is listed or not listed in Appendix B to part 355, the SARA Extremely Hazardous Substances (EHS) section. RQ is the reportable quantity. TPQ is the Threshold Planning Quantity.

2. RCRA - The Resource Conservation and Recovery Act enacted in 1976 and subsequently amended, controls solid-waste disposal and encourages recycling. This states whether a material is listed or not listed under this regulation. If listed the Hazardous Waste Number and waste characterization assigned by RCRA is also provided. 3. CERCLA - Enacted in 1980 and amended thereafter, the Comprehensive Environmental Response, Compensation, and Liability Act provides for identification and cleanup of hazardous materials released on land, into the air, waterways, and groundwater. It covers areas affected by newly released materials and older leaking or abandoned dump sites. This states whether a material is listed or not listed in CERCLA Table 302.4. If listed the section(s) that it is listed under and the Reportable Quantity (RQ) are also provided. 4. TSCA - The Toxic Substances Control Act controls the exposure to and use of raw industrial chemicals not subject to other laws. This states whether the chemical is listed or not listed under this regulation.
