Section 5	Firefighting Measures		
Flammable/Combustible Properties	No data available		
Fire/Explosion	No data available		
Extinguishing Media	Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide		
Firefighting Equipment/Instructions	Fight fire with normal precautions from a re	asonable distar	nce. Standard procedure for
	chemical fires. Wear full protective clothing	and positive pr	essure self-contained breathing
	apparatus.		
Section 6	Accidental Release Measures		
Personal Precautions	Product in solid form may be picked up by hand or other means to be placed into a container.		
Environmental Precautions	Should waste disposal be deemed necessary, follow Federal, State, or Local regulations.		
Methods for Cleaning Up	Do not use compressed air for cleaning.	,	
Section 7	Handling and Storage		
	This product does not require special safety	•	3
	Operations such as grinding, cutting, sandir which may require special handling proceed		g may generate dusts or fumes
	which hay require special handling process	arcs.	
Section 8	Component Exposure Limits		
Appropriate Engineering Controls	When machining, use adequate local (prefe		
	that concentrations of dusts or fumes do no		
	and dry. Train personnel to minimize exposument of product. On a regular basis, verify c		•
	which the product will be installed.		
Personal Respiratory Protection	Not required		
Personal Hand Protection	Wear appropriate gloves for periods of longe	r exposure or to	p protect against physical hazards.
Eye Protection	Always wear safety glasses with side shields		
Skin Protection	Not required		
Section 9	Physical and Chemical Properties		
Appearance/Odor		dor Threshold	No data
pH	No data	Boiling Point	No data
Melting Point		blubility (H,O)	Insoluble in water
Specific Gravity	1.4 g/cm ³ 68° F (20° C)	Density	No data
Octanol/H ₂ O Coefficient	-	poration Rate	Not volatile
Molecular Weight	No data Decomposition	Temperature	No data
Auto Ignition	No data Lower Flam	mability Limit	No data
Flash Point	No data Upper Flam	mability Limit	No data
Vapor Density		apor Pressure	No data
VOC		mability Class	Flammable if contacted with fire
Viscosity	No data

Section 10	Chemical Stability and Reactivity
Stability	Stable under normal handling conditions
Incompatibility	Oxidizers, strong acids and bases
Hazardous Decomposition/	
By-Products	Oxides of carbon and nitrogen, phenol, and formaldehyde if heated in excess of 570°F (300°C)
Hazardous Polymerization	Contact of dust with strong oxidizers may cause fire or explosion.
Section 11	Toxicological Information
Possible effects	
by routes of exposure	
Inhalation	None
Eye Contact	None
Skin Contact	None
Ingestion	None
Carcinogenicity	None
Mutagenicity	None
Teratogenicity	None
Section 12	Ecological Information
Ecotoxicity	Not biodegradable. This product is not expected to present an environmental hazard.
Persistence/Degradability	No Data
Bioaccumulative Potential	No Data
Mobility in Soil	No Data
Section 13	Disposal Considerations
Disposal Instructions	Dispose in accordance with federal, state, provincial, and local regulations. Regulations may also apply to empty containers. The responsibility for proper waste disposal lies with the owner of the waste.
Section 14	Transportation Information
	The material is not regulated under DOT provisions.
Section 15	Regulatory Information
U.S. TSCA Inventory Status	All ingredients of this product are listed or are excluded from listing on the U.S. Toxic Substances Control Act (TSCA) Chemical Substance Inventory.
Canada DSL Inventory Status	All ingredients of this product are listed or are excluded from listing on the Domestic Substances List (DSL), the Non-Domestic Substances List (NDSL) or exempt.
CERCLA/SARA Section 302	Not listed
SARA (311, 312) Hazard Class	Not listed
CERCLA/SARA Section 313	Not listed
California Prop 65	This product is not subject to the reporting requirements under California's Proposition 65.

Section 16	Other Information
	Infinity Foils, Inc. provides the information contained herein in good faith. It is believed to be correct. However it is not all-inclusive and should be used only as a guide. Individuals receiving this information must exercise their independent judgement in determining its appropriateness for a particular purpose. Infinity Foils, Inc. shall not be held liable for any damage resulting from handling or from contact with this product. All information appearing herein is based upon data obtained from the manufacturer and/or recognized technical sources.
Abbreviations	PELPermissible Exposure LimitTLVThreshold Limit Value
End Notes	1. SARA - Signed into law in 1986, the Superfund Amendments and Reauthorization Act (SARA) is an extension of CERCLA, and is intended to encourage and support local and state emergency planning efforts. SARA provides citizens and local governments with information about potential chemical hazards, and calls for facilities that store hazardous materials to provide officials and citizens with data on the type and amount on hand at specific locations. This field states whether a material is listed or not listed in section 372.65 of SARA. EHS - This states if a material is listed or not listed in Appendix B to part 355, the SARA Extremely Hazardous Substances (EHS) section. RQ is the reportable quantity. TPQ is the Threshold Planning Quantity.
	2. RCRA - The Resource Conservation and Recovery Act enacted in 1976 and subsequently amended, controls solid- waste disposal and encourages recycling. This states whether a material is listed or not listed under this regulation. If listed the Hazardous Waste Number and waste characterization assigned by RCRA is also provided. 3. CERCLA - Enacted in 1980 and amended thereafter, the Comprehensive Environmental Response, Compensation, and Liability Act provides for identification and cleanup of hazardous materials released on land, into the air, waterways, and groundwater. It covers areas affected by newly released materials and older leaking or abandoned dump sites. This states whether a material is listed or not listed in CERCLA Table 302.4. If listed the section(s) that it is listed under and the Reportable Quantity (RQ) are also provided. 4. TSCA - The Toxic Substances Control Act controls the exposure to and use of raw industrial chemicals not subject to other laws. This states whether the chemical is listed or not listed under this regulation.
